Overall Learning Objective: After attending this conference, participants will discover new guidelines, practices, literature, and treatment of patients with hematologic/oncologic diseases.

ITEM	1 Strongly Disagree	2 Disagree	3 Neutral	4 Agree	5 Strongly Agree
The overall program learning objectives were met					
The education content and program descriptions were consistent with stated objectives					
Topics and content were relevant to my work					
My educational needs were met					
Take home materials were useful and relevant to my work					
The format and design of the learning activities (lectures and discussions) were effective					
The facilitators and speakers were effective for delivering the content and engaging participants					
The speakers and facilitators were able to provide a safe, accessible, and productive learning environment					
Program agenda was well organized					
Length of program was appropriate					
I had ample opportunity to network with my peers					
I would recommend this conference to my peers					
I liked the virtual conference (leave blank if n/a)					
The facilities were acceptable					
The meeting environment facilitated learning					

Question	Yes	No
Did you perceive any degree of bias in any part of this program?		
If yes, please explain:		

Question	Yes	No
Did you feel that the program was inclusive? (e.g., diversity of speakers, balance of perspectives, program is accessible)		
Do you have any feedback to share on how we can be more inclusive?		

Question	Too basic	Too complex	Just right
How would you describe the program content?			

Question	Email	Poster	Colleague	Supervisor	Other
How did you hear about the conference?					

What did you like about the conference?

What did you dislike about the conference? How can we improve the program? (e.g., format, technology, speakers, etc.)

**How will this conference impact your practice? Based on conference information, is there anything you will be doing differently?**

**As a result of attending this conference, what, if any, additional learning needs have you identified?**

**Please provide specific topic suggestions for future conferences or educational sessions (e.g., speakers, learning objectives).**
